

Has your child a short attention span and poor concentration?

Does your child interrupt, intrude, argue and talk excessively?

Is your child overactive, impulsive, difficult to discipline, & under-achieving?

Do you have a child affected by ADHD?

If you answered YES to the above and your child is aged 6 to 12 yrs why not attend one of our

ADHD: Parent Empowerment & Skills Training Programmes

You will learn about....

- The most powerful tool you possess
- The two biggest mistakes parents usually make
- The six kinds of testing and manipulation

....and much much more
